Mrs. J. Cunningham is campaign convener and the dates set are Friday and Saturday, May 5 and 6.

Brigade Puzzled By Second Varze Fire

LAC LA BICHE — On Tuesday, April 18, the volunteer fire brigade was again called to the Varze Dry Cleaners.

This is the second time within the month that fire has broken out at this location and, although damage has not been heavy, the firemen and the owner are perplexed at the second occurence. A complete investigation of the heating system is to be made by experts and any recommended alterations will be made.

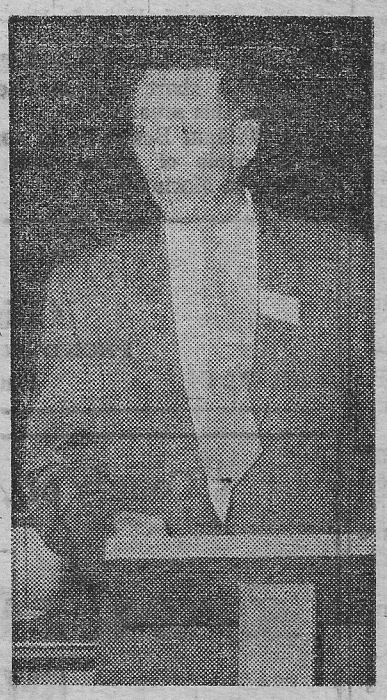
At a recent meeting of the fire brigade it was decided to purchase new blazers for all members.

Comley Transferred To Edmonton Office

LAC LA BICHE — L. G. Comley, who has become well known in the town and district since his appointment more than a year ago to regional office of the department of public welfare here, has been transferred to the department headquarters in Edmonton.

For the present C. Bracken, who has been Mr. Comley's assistant, will be in charge of the office here.

Mr. Comley expects to take up residence in the city about May 1st.



HARTLEY SORENSON of Vermilion was re-elected northern zone leader of Alberta Gideons at a provincial rally held in Edmonton. Four hundred persons attended a banquet marking the Golden Anniversary of Canadian Gideons. The two millionth copy of a Youth Testament placed in the dominion since 1946 was made to an Edmonton girl, Catherine Nix, whose grandfather started the organization in Alberta.

Rev. Bro. Lacroix 58 Years In Mission

LAC LA BICHE MISSION — Rev. Brother Lacroix, 88 years of age, celebrated his 58th year with the Oblate Fathers. Fathers and Brothers of the order came from Edmonton to attend a dinner in his honor. He was presented with a rocking chair and couch.

Brother Lacroix is still able to read without glasses.

Plamondon Treasury Branch Agency Officially Opened

PLAMONON — It was a Red Letter Day for Plamondon when A. Schiewe, manager from the Lac la Biche branch, and John Humeniuk, assistant, officially opened the Plamondon Treasury Branch agency.

Many residents gathered to attend the opening. Edgar Belanger, the agent handed the key to Mr. Schiewe in front of the door and the bank was officially opened. In the absence of the president of the board of trade, the vice-president, Bert Plamondon, represented the Plamondon board. Other members of the board of trade present were Dewey Plamondon, Evangelist Cote and Harold Belanger, together with ladies and gentlemen of the district.

Going back into the history of Plamondon, it was learned that the last bank in Plamondon closed in 1922.

After the opening, coffee and doughnuts were served by Mr. and Mrs. Edgar Belanger.

Hectic Evening For Police, Fire Fighters

By Henry Thompson

The town constable had a rather hectic evening when he was called from the supper table to quell a disturbance in the restuarant of the Lac la Biche Hotel. Shortly after his man was placed safely in custody. The fire siren's ear-splitting moan poured fire fighters out from their civilian tasks in a mad rush to their duties. This was a third call within two weeks and the second in the same place.

The last fear-filling moan of the siren had barely died out when I saw the big red fire truck already in place and spouting hoses, fixed in place and carrying water to the blaze. Fortunately the fire was easily vanquished. Speed and co-ordinated team work are the main factors in successful fire fighting. The display of both is exceptional in the Lac la Biche brigade. The constable slightly mussed up from the previous encounter, was busy directing traffic.

The two main arms of civic administration for the protection of property and persons in my opinion do not get sufficient appreciation from those of us whose business it is to protect their job. Fire fighters are all volunteer workers who spend their time freely for the benefit of property owners.

The police force appears to have little support from the general public and in fact bears the brunt of considerable criticism stripped of any means of defending itself. It is placed on an equal footing with any rough neck who, for sport or glory, attempts to defy the law.

The earlier fracas was witnessed by at least 30 persons, none of whom offered in any way to assist in the arrest but rather expressed considerable concern for the welfare of the fighter who had, previous to the arrival of the constable, clipped at least four civilians. The timely arrival of an RCMP overpowered the pugnacious young man.

I would like to see the sympathetic Mr. John Citizen, face a like situpation and expect to come out the victor in such a fracas. Nine out of 10 would land in the hospital yet, when untouched, cry out to high heaven if any ruffian is slightly mussed up in resisting arrest. However, the last time several citizens were attacked before the arrival of the police. This may result in an improved attitude in public opinion towards enforcing law and order in this town.

Library Hours

LAC LA BICHE — A statement, which appeared in last week's Herald regarding the hours for operating the Women's Institute Library, has been found to be incorrect. The library will be open Wednesday evenings from 7:00 till 8:00 o'clock.

Formerly, the ladies kept the room open till 9 o'clock but it was found that business was not so brisk but that it could be handled in one hour, and this is why the change has been made.

Hours for opening on each Friday afternoon remain as before.

PUSHED OUT

First Soloist: Did you notice how my voice filled the hall tonight?

Second Soloist: Yes, dear. In fact, I noticed several people leaving to make room for it.

IT'S MAPLE SUGAR TIME IN ALBERTA

For the 12th consecutive year the Edmonton local of l'ACFA (French Canadian Association) will sponsor its increasingly popular Maple Sugar Rally at the Sales Pavilion on May 5.

The party starts with the favorite French Canadian styled baked beans supper at 6:00 p.m. The kiddies will again enjoy their exclusive games section as well as a free refreshment service.

At 8:30 p.m., Gaby Haas and his orchestra will play as several thousands are expected to dance to old time music.

Huge vats of bubbling, boiling maple syrup will again send forth its distinctive sweet aroma across the vast hall, inviting everyone to scoop up the taffy off the snow.

Specifically French Canadian in expression and spirit, this party brings to Albertans a traditionally spring celebration popular in eastern Canada.

One of these days, there will be a way to discover the truth. Meanwhile, we must grope for it the best way we can.

NOTICE TO PARENTS OF SCHOOL BEGINNERS

Under Section 177 of The School Act the County Committee requires that entry to Grade 1 shall be confined to the commencement of the school year and limited to pupils who will have attained the full age of six (6) years on or before October 31st.

Our schools can offer only regular first grade work for beginners and only the adequately mature children should be enrolled. An advantage is gained in the long run by a child being over age rather than under age on entering school.

In order to facilitate organizational planning for the 1961-62 school term, parents are asked to register with the Principal of the school concerned. Failure to do so before May 31st, 1961, may deprive your child of admittance to school in September, 1961.

Her matching two-tiered veil was held in place by a dainty coronet decorated with sequins. She carried a bouquet of red roses and her jewelry consisted of crystal droplet earrings and necklace.

Bridesmaids Audrey Zatorski, Ann Nahrabinchyk and Ann Fedun wore frocks in shades of blue with small picture hats and short white mittons. They carried bouquets of pink carnations, and their jewelry, a gift from the bride, was similarly styled to the bride's.

Attending the groom were Steve Urdiga, brother of the bride, Mike Boyko and Donnie Schelent.

ATHABASCA HEALTH UNIT

PUBLIC HEALTH NOTICE

PREVENTIVE DENTAL PROGRAMME

The Athabasca Health Unit is planning a preventive dental programme for 1961, similar to that introduced last year. The programme will start about the second week in June and will continue for approximately twelve weeks. The dental unit and staff will be located in chosen locations within the Health Unit area so that as many children as possible can obtain benefit.

Due to the fact that the programme will only be in being for a limited period, parents must realize that it will not be possible for all children to receive treatment. Those children in Grades I and II who received topical fluoride application to their teeth during last years programme, will be seen again to have the fluoride reapplied and their teeth checked by the dentist. Parents of the above-mentioned children will receive a letter stating the time and place of their child's appointment.

It is also planned to have the dental programme cover the most urgent cases for dental treatment in the group of pre-school children who will be entering school this fall. All parents having children entering school this year for the first time are requested to take them to the nearest Health Clinic or Municipal Nurses office during regular or advertised clinic times. Parents are requested to do this without delay so that a survey can be completed as early as possible.

All treatments carried out at these dental clinics will be FREE.

It is regretted that it will be impossible to have all children requiring dental care treated during the course of this year, but as many as possible of the urgent cases will certainly receive the benefit of the service. All parents are requested to realize this fact and adopt an understanding attitude.

Tales Of Pioneer Life Related At Party By Old Timer E. Manca

HYLO—A farewell party honoring one of the community's old timers E. Manca, was held recently in the Hylo Hall.

Mr. Manca, with his wife and two-month-old baby girl decided to join the first Italian colony which had left in 1914. Thus, on May 12, 1915, they reached Hylo, where Mr. Manca homesteaded.

Well he remembers the first winter when he worked for Mr. McArthur, and had to travel 18 miles each way on foot, through deep snow and heavy windfalls, following Indian trails and packing two sacks of men's clothes, which his wife washed.

He recalls the main topic of 1920, the so-called cow-bill, the loss of livestock, yet unpaid, from the long and cold winter of 1919-20, his first pair of oxen, which he bought for $275 and the second pair, known as the trotting oxen, which he raised. In 1919 a terrific forest fire destroy-huge timber reserves toward Cold Lake. In 1929 he helued build the first post office in Hylo and the first school the following year.

He recalls the year 1929-30 when grain was 18c a bushel and butterfat only 9c. Many hardships were encountered and overcome before things eased a bit for the family.

Pauline Gagnon & Wilfred Huppie Wed At St. Lina Catholic Church

St. Lina Roman Catholic Church was the setting for a pretty afternoon wedding on April 15 when Pauline Gagnon became the bride of Wilfred Huppie. Rev. A. Desjardins performed the ceremony and Mrs. Joe Vallie played the wedding music.

Pauline is the third daughter of Mr. and Mrs. Louis Gagnon and Wilfred is the eldest son of Mr. and Mrs. Gilbert Huppie of Grandin.

For her wedding the bride chose a lovely full-length gown of nylon net and lace, with bodice trimmed in sequins and simulated pearls. She wore a chapel-length veil and carried a bouquet of red roses.

Miss Yvonne Gagnon was her sister's maid of honor and Gertrude Huppie, sister of the groom, was bridesmaid. They wore identical dresses of green silk organza and carried bouquets of white flowers.

Attending the groom were his brother, Roger Huppie, and Roland Gagnon, brother of the bride.

After the ceremony, a reception was held in St. Lina parish hall. The three-tiered wedding cake held pride of place at the bride's table.

During the reception the Oullette brothers and Don Gauthier entertained the guests with musical numbers and songs. They also supplied the music for the dance held that evening in the Beaver River Hall, and attended by a large crowd representing many distant points.

THE Homemaker

By BERTHA M. McCUTCHEON

No doubt you have often heard the phrase "Canada's Food Rules", quoted by nutritionists, teachers, and perhaps by your own children who had learned about it in school. Perhaps some of you still wonder what exactly these Canada's Food Rules are. Just for interest's sake then, here is a bit of information on the subject. After the 2nd World War, Canadian Council on Nutrition decided that Canadian should have a basic food guide, a set of recommendations that they might follow when planning family menus, for instance. Canada's Food Rules were the result, and if your diet includes all the foods listed in this guide for good eating, you'll be sure to obtain your daily share of food essentials such as proteins, minerals and vitamins.

B. McCutcheon

Let us discuss one aspect of Canada's Food Rules, the one that deals with milk. I am sure you will agree that this dairy food is most important for children and teen-agers who are to grow healthy and strong. Did you know, that according to Canda's Food Rules, every adult should have at least half a pint or 10 ounces of milk each day? There is a very good reason for this too. You see, even though we have stopped growing, we still need a certain amount of calcium every day. Milk is also a very good source of protein, of riboflavin, and of vitamin A, and we need all these nutrients for general good health.

Milk is an enjoyable beverage but it may be eaten too. Rennet desserts are quickly prepared and may be enjoyed by the whole family. Coffee junket will appeal to adults. All you need to prepare this interesting variation is to add two teaspoons of instant coffee powder to the milk and sugar before heating. When this mixture is lukewarm a rennet tablet dissolved is added, stirred quickly a few times and poured into serving dishes.

Other variations may occur to you such as adding chocolate powder in the same way. Canned fruit or chopped nuts may be used for a garnish.

Quality Of Athabasca Clay Proved By Firing Kilns Of Switzerland

ATHABASCA——Albert Locher's contention that Athabasca clay is of a type useable for pottery has been proven in the firing kilns in Switzerland.

Mr. Locher, who is Swiss, sent a qantity of clay over to a factory in Switzerland and had the clay made up into small vases, pitchers, cups and saucers, ashtrays——16 pieces in all.

When the pottery arrived, it was placed on display in the Hunter and Gillies Ltd. showroom. The report from the factory is that the clay is fine, elastic, easy ao handle, has a good consistency to form handles and takes paint easily. It is also good modelling clay.

The samples were burned at 970 degrees and the opinion was expressed that the clay would stand up to 1,500 degrees.

Mr. Locher invited members of the Chamber of Commerce to view the exhibit and it was anticipated a meeting will be held soon to discuss the future of the clay deposit. For some years the clay has gone to Edmonton for use as building bricks by North-West Ceramics Ltd.

Confirmation Held At St. Paul's Church

BOYLE — On Sunday evening, April 16, a large congregation witnessed an impressive service held at the St. Paul's Anglican Church when 16 young people and three adults were confrimed by the Rt. Rev. R. J. Pierce. It was the largest group to be confirmed at one time in the church.

Those confirmed were: James, Beatrice, Joan, Harvey and Mary Coughlin; Jack and Frank Saxton; Rita Currat; Velma and Arnold Barker; Harry, Frances and Phyllis Pelsma; Marion and John Good; Betty, Richard and Margaret Grove, and Leonard Jellicoe.

Margrete Good, who had been confirmed in the Lutheran Church, was received in the church.

Prayer books will be presented to those confirmed by the congregation.

A membership plaque was dedicated to May Humberstone, with her name, Amanda Robinson's and Sarah Drew's names inscribed.

"You see, there's no such thing as a current joint savings personal chequing account...

... these are four completely different account systems for different purposes," the Imperial man explained patiently.

"But I can't see the difference."

"Savings Accounts are for saving. Current Accounts are for business deposits and withdrawals. Personal Chequing Accounts are for people who like to pay by cheque. Joint Accounts are for couples who like to save together and like the convenience of writing cheques on one account."

"But I still don't know which one I should have."

"Well, you're not running a business, you have no partner, and you're not paying bills each month. That cuts out a Current Account, a Joint Account and a Personal Chequing Account."

"Maybe I'd better keep my Savings Account then, hey?"

"I think so, Peter; you can still write cheques on your savings account."

The boy left, his curiosity satisfied, and before the Imperial man had even a moment to reflect, he was busy telling a businessman about current exchange rates. It's all part of his job at Imperial Bank. Perhaps you would like to know more about Imperial Bank's many services, too. Ask at any of our branches.

At a dance in the evening the hall was completely filled with friends and well wishers of the newly-weds.

Five Housewives From Alliance Qualify In Wetaskiwin Contest

Top honors of the western regional Search for Talent semi-finals went to the Minstrelettes of Alliance. The show was held at the Wetaskiwin Queen Elizabeth School auditorium and was held under the anspices of the Wetaskiwin Lions Club.

The Minstrelettes won over ten other entries representing communities from the western region where shows were held during the fall and winter season. The eastern region semi-finals were held at Vegreville one week earlier, with Miss Patricia Lynkowsky of Myrnam taking first place. The Minstrelettes were winners of the Killam show held March 11.

Led by Mrs. Marilyn Benson, the five housewives from Alliance captivated the audience with their abbreviated minstrel show and the quality of their performance was judged the best by a panel of three judges. Minstrelettes include Mrs. Benson, Betty Peacock, Oonah Brown; Ruth Peacock and Pat McPherson.

Second place went to William Adamson a Balladier of R.R.2, South Edmonton. Louise Blake of Devon, offered a sailor's dance, which was judged the third best performance of the evening. Mr. Adamson was winner of the New Sarepta Show and Miss Blake won the Devon show.

The three winners will appear at the Finals scheduled for the Leduc East Elementary School auditorium on Saturday, April 29. Four winners from the eastern region will join them at the finals. They will complete for the CFRN Banff School of Fine Arts Scholarship as well as the Search for Talent Championship.

Judges at Wetaskiwin were Harry Lomnes of Wetaskiwin, Mrs. Lois Mitchell and John Achtemychuk of Edmonton.

Cecil Eggertson was captain of the crew of Associated Canadian Travellers and their wives who, in cooperation with CFRN sponsor the Search for Talent shows in support of the Northern Alberta Crippled Children's Fund.

The finals from Leduc will be broadcast April 29 direct by CFRN-Radio and will be telecast for a delayed broadcast scheduled on CFRN-TV for three o'clock Saturday, May 6.

Besides the seven contestants the show will feature Spotlight Parade, a variety program starring nine radio and television personalities as well as three local presentations. The Leduc Citizens band will be on hand. Walter Melnyk of Thorsby, a winner of Search for Talent several years ago and later a performer on the talent cast, will bring back memories of the shows of past years. The Thorsby Ukrainian folk dancers will perform as well.

Contestants at the finals will be: Patricia Lynkowsky of Myrnam, piano; Judy Stotskee of Two Hills, piano; Claire Doucet, St. Paul, vocal solo; Dianne Williams, Pibroch, tap dancer; The Minstrolettes, Alliance, vocal group; Wm. Adamson of South Edmonton, balladier; and Louise Blake, Devon, dancer.

Minutes of Athabasca Meet:

Tight Financial Position Of County Delays Works Decision

A discussion of emergent surveys took the attention of the recent meeting of the County of Athabasca Council. Several councillors felt that survey work should be done on the Winter Works Program. This program has been extended for another month, to the end of May.

However, the financial position of the county is not good, and any Winter Works program undertaken must first be paid by the county, before the refunds come back from the provincial and federal governments. After some discussion, the matter was left for a later meeting, when the budget would be discussed.

The meeting sailed through the regular preliminaries in good time, with the good word being the road ban is being relaxed to 500 pound capacity on half ton trucks and ton trucks.

Three letters were received in regard to tires, all offering discounts off list price. A comparision of price and discussion ensued with the Alberta Municipal Association (Crown Tire Service) getting the approval of council.

Chemical supplies through the Association can be purchased through the UGG. Grader blades, were discussed and several ordered.

FIRST AID COURSE

The First Aid course sponsored by the Workmen's Compensation Board, currently being held at the Community Centre, was discussed. Although all employees were made aware of the course through a circular letter it was felt enrollment was not high.

A bridge crew is re-decking the Athabasca bridge and when they are finished, if the roads permit, they will move to Wandering River to a bridge there on the NW 36-68-17.

Following adjournment on Thursday and re-convening on Friday, the accounts were approved and further discussion of obtaining supplies on contract price including diesel fuel, and oil. The secretary will write the headquarters of each firm inviting them to submit tenders.

It was felt that Secretary Leskiw should attend the refresher course for secretaries at Banff in June, but the matter was left for later discussion.

A number of welfare cases were discussed.

ELLSCOTT LIGHTS

The councillor was authorised to install two more street lights in Ellscott.

Due to the snow and soft mud, the school buses were banned on the Friday. Since the court of revision will meet on Monday the 17 the matter of further banning was left to then.

There have been forty-four appeals on the assessment.

Councillor A. Aloisio, who is also MLA for Athabasca, and just returned from the Session for the April meeting, reported that the highway No. 2 north of Nestow to the Rochester corner, approximately 10.71 miles, will be graded and gravelled this year. On highway 26, he reported they are re-surveying the road now, but what work will be done has not yet been announced.
